Those "Damn Yankees"

Tabor Academy Update

By Nicholas Veronesi

Step into the Fireman Performing Arts Center in Hoyt Hall these days, knowing that the Winter Musical is coming soon, and you will realize that the Tabor Academy Drama Department still is swinging for the fences.

Tabor Academy's Winter Musical returns with a stunning version of "Damn Yankees," a musical that combines America's game with the meaning of love.

Overall, preparation for the musical has been smooth yet shaky at the same time. While cast chemistry has flourished throughout the season, the January flu virus and the February blizzard has caused over a week of practice cancellations.

But Chapman Hyatt, '13, who plays Applegate in "Damn Yankees," has been impressed with how far the cast has come together.

"Overall, I think the musical has gone very well," he said. "Despite the many distractions that have delayed us, I think we are right on track with the performances."

David Horne, the Tabor vocal director, credits the early success.

"We had a really good start early in the season with both lines and songs, so even the flu and blizzard couldn't stall us," he said.

The musical is set in Boston, not Washington D.C., like the original version, to represent New England's prized local baseball team, the Boston Red Sox.

One of the hapless fans, Joe Boyd, who is played by Joe Coffey, '13, finds a mysterious, devilish man in his house by the name of Applegate. Applegate gives Joe the opportunity to become the man who helps Boston win the AL Pennant and, most importantly, defeat the dominant New York Yankees. Joe takes the offer with an escape clause and becomes Joe Hardy, who is played by Oliver Palmer, '13.

At first, Hardy is thrilled with the fame, as well as the joy of finally winning, but the hounding of reporters and Applegate's hatred of love starts to take its toll on Joe. He greatly desires the support of his wife, Meg, played by Claire Chatinover, '13.

To make things even worse, Applegate tries to tear apart Joe's marriage by hiring Lola, played by Clare Knowlton, '13, to take Joe's mind off of Meg.

The musical combines baseball, one of the biggest impacts on American society, with the difficult challenges

of responsibility, love, trust, and an ample amount of temptation.

"This show should be a hit because baseball is America's game," Director John Heavey said. "It has the uncanny ability of uniting people. However, the show also shows that heroes are possible, and Joe's actions prove that."

"This musical combines the biggest themes in life into one show," Mr. Horne added. "It gives a true definition of love and what is in the soul."

The show will be performing at 7:30 pm on Thursday, Friday and Saturday, February 21 through 23. Ticket prices are $9 dollars in advance and $10 at the front desk.

Want to be entertained with a little bit of baseball, but can't wait until Opening Day at Fenway on April 1? Whether this is the case or not, the Tabor edition of "Damn Yankees" is a classic spectacular that is a must-see for even the casual fan. We hope to see you there!

Community Comes Together

By Paul Lopes

It started out as a small idea to help raise money for a family devastated by a house fire, but it's turning into the event of the season. Music teacher Paul Halpainy from Old Hammondtown School wanted to help raise money by hosting a Coffee House-style event but once he got started, dozens of people have come forward to pledge their help. The event is being held on Friday, February 22 from 4:00 to 7:00 pm at the OHS cafeteria located on Shaw Street in Mattapoisett and the lineup has something for everyone.

Some featured performers include the Stan Ellis Jazz Trio, OHS Jazz Band, Mike Bowman, and a sixth grade poetry reading. Many other students have

committed to go on stage and perform as well. After the main performances, time left over will be used to allow any members of the community to perform. Whether it is singing, playing an instrument, reading poetry, or telling jokes, all are welcome, youth and adult.

There will be some table games to help families relax and enjoy themselves while there are performers on stage. This is not a talent show, it's a time to come together and enjoy the company of the community in a positive way.

Admission to the event is $5 per person or $10 per family. Food and beverages (non-alcoholic) will be available for a low-cost donation. All payments are asked to be in cash only as all money raised will go directly to

Seek Help for Depression Says COA

Mattapoisett Council on Aging

By Joan Hartnett-Barry

All seats were filled at a lecture on depression held at the Mattapoisett Council on Aging on Tuesday afternoon. The talk is part of a monthly series sponsored by the COA.

"By 2020, depression will be second only to heart disease as a cause of disability as estimated by the World Health Organization," said Mary Beth Quinn, RN, BSN of Gentiva Hospice in Fall River.

Quinn asked the 15 attendees to raise their hand if they or someone they knew suffered from depression. Over half raised their hands.

She told the crowd that approximately six million people over age 65 suffer from depression, but only 10 percent seek help and get relief. Depression is the number two reason that those over 65 go to their doctor. Quinn also stated that the suicide rate for those over age 80 is twice that of the general population.

"Why have this prolonged suffering?" Quinn asked.

According to Quinn, normal sadness is something everyone experiences, but depression is different in that it is persistent and interferes with the ability to function in daily life. Early symptoms include a persistent sadness, lack of interest in activities, feelings of guilt, loss of appetite, changes in sleeping habits and thoughts of death and dying.

Other signs include a lack of self-care and not cooking, cleaning or keeping up with housework.

Using the 'chicken and the egg' question, Quinn said that no one knows if physical ills cause depression or if depression results due to physical ills. Physical reasons for depression, thyroid disorders, dementia or other illnesses can trigger it.

Treatment can include pharmacological interventions such as the use of antidepressants, mood stabilizers and anti-anxiety drugs. Non-pharmacological interventions include herbal remedies, counseling and exercise.

"Exercise boosts levels of serotonin and melatonin," said Quinn.

Quinn urged attendees to push those with depression to seek a doctor's help. Other ways to fend off getting depressed include exercising regularly, remaining active and engaged, developing new interests, maintaining regular sleep patterns and taking medications correctly.

"The fact that all of you came here today shows that you are mentally healthy, active and interested in the world … it's those who aren't here that really need to hear this information," said Quinn.

Future lectures will cover topics including meditation, diabetes, using technology and fall prevention. For more information, contact the COA at 508-758-4110.

The purpose of the caucus was to elect two delegates and one alternate to represent the town at the 2013 Massachusetts Democratic Convention. The caucus was open to all registered Democrats in Rochester.

"You get a chance to vote and represent the town," said St. Don, who has attended past conventions. "You vote on who you want to run for office."

The Democratic Convention will be held on July 13 in Lowell.

Future Changes to Infrastructure Discussed

Marion Board of Selectmen

By Nick Walecka

The Marion Board of Selectmen met Tuesday evening to discuss several issues, including future improvements to the infrastructure of the town, an update from Police Chief Lincoln Miller and two surplus police vehicles.

Sean Syde and Mike Guidice from CDM Smith presented a plan for Infrastructure Capital Improvements within the Town of Marion to the Board.

According to their website, CDM Smith provides "lasting and integrated solutions in water, environment, transportation energy and facilities to public and private clients worldwide."

Their presentation discussed a five-phase plan that will take place over a period of 10 years, retroactive to 2012.

"We basically targeted a 10-year implementation window," said Guidice. "We think that it's a reasonable schedule which meets the town's needs at this point."

Over the past 10 years, CDM Smith has done several assessments of the community, and from those assessments, they found that several areas of the town needed work.

Four core areas — sewer systems, roads and sidewalks, water pipes and drain systems — have been identified as main areas of concern.

The total project cost has been estimated at $18.41million. That number is about $8.93 million lower than what was estimated last year for the project, with savings that include a recently acquired $1 million from a MassWorks Infrastructure Grant and $1 million in Chapter 90 funds, among other savings.

The town will also utilize a DEP State Revolving Fund (SRF) Loan Program, which gives the town $19.3 million for sewer and drainage improvements for all phases. It is a low-interest loan with a 2 percent rate.

As of now, the town does not foresee any other grants or funding from the federal government or the

state. A meeting will be held on March 7 to readdress this plan in further detail, and on April 25, a meeting will be held to discuss phase 1A specifically.

In other news, Police Chief Miller addressed the Board to introduce Officer Derryl Lawrence to the Marion Police Department, and he also took the opportunity to thank the community and several of the town's departments for their work last weekend during snowstorm Nemo.

Miller commended the work of his and the other departments, including the Fire Department and EMS, as well as the community for all their hard work.

"We were able to get through it and handle everything," said Chief Miller. "This is a group of department heads coming together. We were able to get the town back to normalcy within a few days. I think we did rather well considering the amount of damage out there."

The Board also unanimously approved the declaration of two police vehicles as surplus, meaning that they are no longer needed for the department. State law requires that the town put the vehicles out for bid. They will be awarded to the highest bidders.

into Marion Harbor at 203 Front Street was approved unanimously at the Marion Planning Board's meeting on Tuesday evening.

A zoning bylaw change approved at the May 2011 Town Meeting led the way for the pier proposal by David and Linda Nielson. David Davignon addressed the Board and said that the design of the 4-foot wide pier required much detail due to an eel grass meadow which requires sunlight to survive.

The pier will begin at the lawn of the home, which currently has a vertical stone sea wall that was built many decades ago. The deck of the pier would allow sufficient sunlight to the eel grass meadow below.

The gangway will consist of two floats which will

have chains and pilings at or above the pier itself in order to avoid pulling them out in the winter.

Chairman Jay Ryder asked about the floats, noting that he hadn't heard about the possibility of leaving the floats in during the winter. Davignon said that the technology is new and gave two local examples of the same type of float that have been installed in other waterfront towns.

The project has undergone extensive review by the Army Corps of Engineers and Conservation Commission and has garnered approvals by the Marion Harbormaster and the Shellfish Officer.

"I called Mike Cormier [Harbormaster] and asked him about the length," said Ryder. "He is OK with it, that's what I needed to hear," said Ryder.

Construction can begin on May 1 and must end by October 15. A barge with a crane on top will be situated in the harbor and can only work two hours prior to high tide and two hours after high tide to avoid stranding issues.

In other business, Pamela Marean, a grant writer hired by the Town of Marion, addressed the Board and asked about their priorities for grants. Marean said that she was asking all boards in the town to give guidance on their needs so that she can research grants available for projects.

A lively discussion followed, with members discussing the 'master plan' of the overlay district which

Marean spoke about the funding now available to towns to support the SouthCoast Rail corridor, which would bring commuter train service to New Bedford. Marean implied that Marion could see some growth in population because people tend to want to live near the commuter rail into Boston.

A public hearing was held to discuss the solar bylaw that is being proposed by the Marion Energy Management Committee in conjunction with the Marion Planning Board.

Jennifer Francis and Norm Hills represented the Committee and presented a comprehensive outline of residential solar requirements. Planning Board members spoke about the possibility of a solar garden at the town dump, which prompted much discussion.

Francis noted that as part of Marion becoming a 'Green Community,' solar is a vital part of the initiative and a public hearing should take place so residents can learn more about the bylaw and the benefits to the town.

The Board agreed to focus on two bylaws, one on solar and the other to update the current bylaw addressing wind power.

Potential Staff Cuts and Additions

Old Rochester Regional School Committee

By Nick Walecka

ORR School Committee members met Wednesday night to discuss numerous issues, including potential cuts and additions at the junior high school and high school for next year, the introduction of a new math curriculum at the high school for next year, and the effectiveness of the use of three schools as shelters during winter storm Nemo.

ORR Junior High Principal Kevin Brogioli said that they are considering adding another full-time physical education teacher position at the school. He said that currently there is only one full-time PE teacher at the school, and he thinks it's necessary to add another.

As a result, there would have to be cuts in other areas, and Brogioli suggested that the librarian position at the school be limited to half a day. "It's tough [to have to cut the librarian's hours], but it's a better use of resources," said Brogioli.

He added that the current physical education assistant position would also be eliminated as a result.

Under the new proposal, the library would operate regularly during the morning hours at the school

Animal Advice

Jay Gould, DVM

It's winter, how can my dog and cat have fleas?

Just because it's 20 degrees outside doesn't mean that fleas can't live happily inside and continue to feast on your pet. Fleas proliferate all summer on outdoor wildlife as well as our pets. By the fall it is easy for you to walk fleas into your home when they jump on your pants. Then they jump off and look for something good to eat. Your pet walks by and it's flea McDonalds. The flea feeds, lays eggs that fall off your pet and hatch out in your home and voila, you have an infestation of which you may or may not be aware.

and then would be limited in its use, where students could only use the library in the afternoons when teachers bring their classes there.

ORR High School Principal Michael Devoll said that the school is looking to add an assistant to the administration position that was cut three years ago.

"We're looking to restore that position," said Devoll. "[There is] the lack of administration help [combined] with the heightened sense of security needs — that person could help with that."

He added that the person who filled that position could help with in-school suspension and monitoring hallways and parking lots before and after school, among other duties. The position would cost the school system approximately $23,000.

Devoll also introduced changes to the math curriculum at the high school. Currently, four years of math is not required at the high school, although most colleges require students to have completed four years of math and most students do take four years. He added that only five current seniors are not taking a fourth year of math, for one reason or another.

Under the new curriculum, the system would add a second part to the Algebra 2A course, which would allow slower learners to complete Algebra 2A in a manner that is more suitable to their needs.

"We really worry about teaching Algebra 2A in one year," said Devoll. "We'll still offer it in one year, but

now it's offered separately for slower learners. It gives them the option to spread it out over two years."

Two electives will be added for advanced learners—statistics and finite math. These will be available to students who have completed Algebra 2A and who are seek to further their college preparation.

Devoll added that there is a parent information night scheduled for February 28 to answer questions about the new curriculum and to show students how they can get into the courses that they prefer.

Also discussed was the use of three regional schools — ORR, Center School and Sippican School — as shelters during the recent snowstorm.

his staff for their hard work over the weekend, and he added that help from the National Guard, who brought in 120 cots and blankets to the high school, aided in providing a warm, safe shelter for those whose homes were affected by the storm. Showers and meals were also available to those who sought shelter at ORR.

"It [the shelter at the high school] worked out really well," said Jones.

Jones also recommended to the Committee that the use of the other two schools be limited to warming houses rather than permanent shelters, because they lack the staff and proper equipment to house multiple people.

"I can't emphasize that fact that our elementary schools should be used as warming houses and not shelters," said Jones. "We don't have the staff."

Jones added that his staff had monitored all the data regarding what had been used for the emergency so that the government can reimburse them. Because a state of emergency was declared, the schools are entitled to receive compensation.

Superintendent Douglas White commended Jones and his staff for their efforts, and spoke about the use of the schools as shelters.

"My job is to provide a shelter to the community, but we did quite a bit more," said White. "It's eye-opening. This was challenging. It was an amazing effort by all your [Jones'] employees."

Jones also said that the generators that were used

has changed from a full year to a half year elective and will be known as "Local History: Our Communities, Our Country and Our Commonwealth." It is a project-based class where you learn about the history of Southeastern Massachusetts from firsthand accounts. Honors or A Level credit will be given based on the content of projects. The course will be available to juniors and seniors.

The Social Studies Department also has another new addition: "Modern American Politics and Government." It is a half-year A Level elective for juniors and seniors that will focus on American civics. Students will learn the ins and outs of our government system as well as the current challenges and major events that face modern politics today.

The Mathematics Department also garnered two new half-year electives. Introduction to Statistics, an A Level course for juniors and seniors, will use data samples, experiments and simulations to teach students how to observe and analyze data. There is a prerequisite for the elective, which is completion of Algebra 2.

Finite Mathematics is also an A Level elective offered to juniors and seniors. There is a prerequisite for completing Algebra 2. In Finite Mathematics, students will explore advanced topics in math with some focus on business applications and real world problems.

There have also been changes to the levels in certain courses. Band and Chorus will have an A Level or an Honors Level option depending on participation in

Boys' Track Comes in Close Second

ORR Sports Update

By Michael Kassabian

It was so close, but the Old Rochester boys' track team came in second place at the Division 4 state track meet, just getting edged out by Newburyport by a mere two points. Several athletes had fantastic runs, but it would not be entirely enough to give the Bulldogs their first ever indoor-track state championship.

Sophomore hurdler **Kevin Saccone** started things off strong for the Bulldogs, where he exceeded his projected seed by two places to take fourth in the 55-meter hurdles in 8.44 seconds. Senior shot-putter **Aaron Holick** also surpassed his projected seed, taking fifth place with a massive heave of 47 feet, 4 inches.

Next came senior **Nick Pacheco**, who placed sixth in the mile with a 4:38, three seconds off of his personal best. Junior standout **Mike Wyman** won the 1,000 meter run, blowing away the field with a time of 2:36. **Dan Donohue** came in a close second in the 300 meter dash, where he ran a 36.1. Since both Donohue and Wyman placed in the top three in their respective events, they will advance to the All-State meet next Saturday, where the best athletes in the state will be competing.

At the conclusion of the last individual event, the two-mile, the Bulldogs had a slight lead over the Newburyport Clippers and the projected winners, Weston High School. The meet was so close that the relays would

determine the champions.

The 4x200 meter relay was a thrilling race to watch. The Old Rochester squad of **Kevin Saccone**, **Dan Donohue**, **Colin Knapton**, and **Kevin Noone** won a tight race against Weston with a phenomenal time of 1:34.54. This time not only qualified the team for the All-State meet, but it also set a new school record for the event. The 4x800 meter relay was equally exciting, but Old Rochester's **Fred Murolo**, **Connor Medeiros-Sweet**, **Nick Pacheco**, and **Michael Kassabian** could only muster an 8:51, good enough for seventh place.

Going into the final event, the 4x400 meter relay, Old Rochester and Newburyport were tied with 42 points apiece, with Weston in third place, trailing by five points. Each of the top three teams were in different heats, which made it hard for the teams to judge where they had to be to clinch the win for their team. **Fred Murolo**, **Kevin Noone**, **Peter Krause**, and **Chris Demers** each ran phenomenal times, but would lose to Newburyport's relay team by a mere two seconds, giving the Clippers a fifth place to the Bulldogs' seventh place. With this decisive race, the Newburyport Clippers clinched their second consecutive Division 4 title.

Despite the oh-so-close ending, the Bulldogs had a fantastic day full of school records, All-State qualifications, personal bests and a second place overall finish.

Think Summer – Think Harbor Days!

With two feet of snow on the ground and hours spent shoveling in sub-freezing temperatures, it's difficult to think of summer, but that's exactly what the members of the Mattapoisett Lions Club have been doing! Members of the Club are hard at work planning another great Harbor Days event. So save the dates! The weeklong festivities kick off on **Sunday, July 17** with the Triathlon and culminate on **Sunday, July 21** at 4:00 pm with our U-Pick-Em Auction.

This wonderful event is made possible due to all the hard work of our volunteers: high school football players, the Boys Scouts, members of other Lions Clubs and our own, the town departments and the general public.

100 percent of the proceeds from Harbor Days and all of our events go to support local causes such as helping those in need, providing scholarships to local students and supporting eye research.

New members are always welcome! Visit our website at www.mattapoisettlionsclub.org and don't forget to like us on Facebook!

Relay For Life of Tri-Town

The American Cancer Society Relay For Life of Tri-Town is holding its next Team Meeting 2013 season on **Wednesday, February 27** at 6:00pm at the Old Rochester Regional High School Library located at 135 Marion Road, Mattapoisett.

Relay For Life is the signature event of the American Cancer Society. It is a fun-filled, overnight event that mobilizes communities throughout the country to celebrate survivors (anyone who has ever been diagnosed with cancer), remember loved ones, commit to fight back through health lifestyle changes, and raise money for the fight against cancer.

Relay For Life is as much an awareness-raiser about the progress against cancer as it is a fundraiser. Individuals who are willing to give their time and energy to this exciting event, as a volunteer or participant, have made a commitment to fight back against this disease and let the community know that you can beat cancer.

To learn more about Relay For Life, visit www.relayforlife.org. For information on the February 27 meeting, please contact Caryn Hodges Coulombe at 508-989-7805, Pam Houston at 508-922-4024 or Odd Johannessan at 508-971-0176.

MLT Volunteer Gathering Rescheduled

The directors still wish to honor the volunteers who help the MLT in many ways, from staffing our booth at Harbor Days, to assisting in cleanups and general maintenance. The MLT would like, once more, to invite its members and the public to join together to honor the current volunteers

Gateway Youth Hockey Update

• **Squirt 1**: The Gateway Squirt Ice Wolves ran their Yankee Conference record to 24-0 on Saturday with an 8-0 win. Kaleb Riggle led the scoring with three goals, while Bryan Gallagher, Julia Elicier, Seth Tomasik, Quirino doCanto and Tyler Lovendale each added one. Alex DeMarco got the shutout in net. In their second game on Saturday, the Ice Wolves pulled out the victory in Orleans against Lower Cape 7-6. The game was back and forth for all three periods, with the Ice Wolves coming back twice from two goal deficits. Scoring on the day were Lovendale with three goals, doCanto with two, and Robert Maloney and Chris Gauvin with one each. DeMarco earned his second win of the day making some amazing saves along the way.

• **Squirts 2**: The Gateway Squirt C Sharks had a big weekend against the Lower Cape Coyotes winning both games in a double header at the Charles Moore Arena in Orleans. The Sharks took the first game with a score of 3-1 with Thomas Galavotti in goal. Ben DeMoranville scored Gateway's first goal in period two, but the Coyotes scored quickly in the third period to tie the game. A second goal by Ben Demoranville, followed up by a goal by Danny Flynn assisted by RJ Vickery, put Gateway ahead for the rest of the game. In the second game, Gateway started strong with goals by Vickery and DeMoranville in the first period, but the Coyotes fought hard through a scoreless second period and netted two goals in the third period. The Sharks answered with four goals of their own in the third period. Danny Flynn scored off of an assist by Ben Martins, Luke Mello scored his first goal of the season, and DeMoranville scored two additional goals, earning himself a hat trick. Gateway took game two with a score of 6-2.

• **Bantams**: The Bantams won a white-knuckled affair on Sunday, holding off WHK 4-3. After a long layoff thanks to Mother Nature, the team came out flying, keeping the play in the WHK zone for much of the first period. Gateway peppered the WHK goalie, but could not solve him as the period ended 0-0. Bantam goalie Chace Cunningham kept the game scoreless with a beautiful save on a WHK breakaway. Brady Smith finally broke the ice as a result of some nifty puck movement on the power play. Will Paling assisted on the goal. Just a few minutes later, Brian Holmes roofed a wrist shot from the high slot to double the lead, assisted by Jacob Spevack. Jake Tomasik finished the scoring in the second period with a strong shot from the point. While the team felt that they were cruising to an easy victory, two goals less than a minute apart from WHK stunned the arena and woke up the team. With just over 10 minutes to go in the game, Alex Atkinson tucked an unassisted goal in to regain a two goal lead. Giving up another goal with 5 minutes to play brought WHK back to within one goal and forced Gateway to survive, leaning on goalie Teaghin Andre during the final ticks of the clock.

L. Meiling Yen affectionately known as Grandma Yen passed away at her Mattapoisett home. She was 97 yrs old. Mrs. Yen came to the US at the age of seven from Canton China where upon she settled in Attleboro MA. Meiling graduated from Attleboro High then attended Sargent College at Boston University. She was the daughter of the late SluHu Moon Shang and Yee Shee Shang and of Attleboro, MA and the wife of the late George Yen of Mattapoisett MA. In 1950 they opened up the five star popular Meiling's Restaurant in Mattapoisett then closed in 1979. She liked to note that they were the first to bring the Chinese style buffet to this area. Meiling has enjoyed a good life. Much of it is attributed to living each day to the fullness. When asked what her secret for a long life is, Mrs. Yen is quick to say "eat right, as you eat to live, exercise everyday and help at least one person every day!" Her philosophy on life is simple, treat people with respect, kindness and try to make at least one person happy everyday. She will be quick to tell you that education is the key to a successful life, without it you will have a hard time succeeding. Meiling enjoyed in the later years gardening, reading, swimming, shopping, eating out and visiting friends. Her favorite book was the Good Earth by Pearl Buck. Mrs. Yen would be seen delivering fortune cookies to the police dept, town officials, doctors, neighbors and their children. She called it good clean fun. She always said, never say good-by, say "Enjoy Life!" Meiling is survived by her three daughters Gloria Besthoff of Greenwich Conn, Victoria Williams of Chantilly VA, and Ameia Yen-Patton of Mattapoisett MA., five grandchildren, Barton Chin, Eric Chin, C.J. Williams, Keri Williams, Peter Yen Patton and four great grand children. She is also survived by seven sisters Mai Shang Woo of Elmhurst NY, Mary Shang Chin of Dedham MA, Lily Shang Mooncai of Fort Meyers, FL, Olive Shang Manoli of Las Vegas NV, Nancy Shang Hsi of Estero, FL, Evelyn Shang of Mililani, HI, and Joan Shang Wong of Woodbridge VA. She was predeceased by brothers Kai Q Seeto, Kai Pak Seeto, Kai Ong Shang, former mayor of Attleboro MA and sister Virginia Shang Chang of Hawaii. A memorial service will be held at the cemetery site in North Attleboro, MA.

YPC at the Z!

The New Bedford Symphony Orchestra will present two performances of its acclaimed annual Young People's Concert (YPC) on **Monday, March 4** at the Zeiterion Performing Arts Center. This year's theme, Mapping Melodies, will explore the concept of contour as it relates to melodies, mathematical graphs and creative imagery.

Visuals showing the contour, or shape, of various melodies will be displayed on a large screen suspended above the orchestra during the performances to demonstrate how a melody line from a familiar and exciting classical piece has a unique shape that can be represented through musical notation, line graphs and fun and imaginative artwork.

Many of the musical examples used during the performances will be drawn from the NBSO's acclaimed Music in the Morning program that the New Bedford Symphony has placed in more than 50 schools across the South Coast.

Program registration forms for the Young People's Concerts can be found on the NBSO website, www.nbsymphony.org. For more information on the Young People's Concerts or Music in the Morning, please contact Terry Wolkowicz, NBSO Education Coordinator, at 508-999-6276. You deserve a symphony in your life!

Kane, who describes his humor as "schticky stuff," is promising lots of fun in a show that mixes stand-up comedy with interactive games with audience members. "We try to make it a good time and have everyone leave with a good feeling," he says.

Kane has been a radio personality as well as performer in the Rhode Island area for most of his life. He lives in Johnston. Kane is well-known regionally for creating the character of Father Misgivings, an Irish Catholic priest. In this one man play, which Kane describes as featuring "blessings, Blarney, belly laughs and Bingo," the character of Father Misgivings tells stories and relates his views about the idiosyncrasies of growing up and living life as a Roman Catholic.

TriTown Happenings

The ORRJHS cheerleaders recently competed in the National Cheerleading Competition at the ESPN Wide World of Sports complex at Walt Disney World. Photos courtesy of Rebecca McCullough

The inaugural ORR swim team just wrapped up a very successful first season as a sport at Old Rochester Regional High School. Both the boys' and girls' team exceeded expectations, and were competitive in all their meets. The girls finished the inaugural season with a remarkable 7-2 record. The boys, though undermanned in many meets, had many close contests and finished up the season with a 1-8 record. One swimmer, Tyler Sjahfiedin, qualified for both sectional and state competition in multiple events.

Since all new sports at ORR must be self-funded for the first three seasons, the community was instrumental in helping the parent group, FORS, achieve this goal. The School Committee asked FORS (Friends of Old Rochester Swimming) to raise $7,500 by October 1, 2012 in order to get the season underway. To achieve this, FORS held various fundraisers where the community support was amazing. Also, the Mattapoisett Lion's Club made the very generous offer to donate the final $3,000 if FORS was able to raise $4,500 to hit the $7,500 goal. With much hard work by FORS, the prospective swimmers and our entire community, the goal set by the Committee was met. FORS will continue to hold numerous fundraisers to support our growing swim team throughout the coming years. For more information regarding these fundraisers, the swim team or FORS, please contact orrbulldogswimming@gmail.com.

On behalf of FORS and the entire ORR swim team, we would like to thank everyone who was instrumental in making this dream a reality. None of it would have been possible without you.

Movie Review

Win or Lose

By Rob Gonsalves
www.robsmovievault.com

Would You Rather. **Starring Brittany Snow and Jeffrey Combs. Directed by David Guy Levy. Running time: 93 minutes. Playing in limited theatrical release and on iTunes.**

Ah, it's always good to see Jeffrey Combs, especially in a film of some quality. The busy actor, best known for his iconic work as Dr. Herbert West in three *Re-Animator* movies, is diabolically front and center in the indie thriller *Would You Rather.* Combs plays Shepard Lambrick, a decadent moneybags who invites financially strapped folks to a dinner party and then obliges them to join in a competition. The winner gets his or her money problems sorted out. The losers ... well, when candidate Iris (Brittany Snow) asks Lambrick what happens if you don't win, his reply is simply "You don't win." Of course, it's a tad more complicated than that.

The game and the movie's title take off from the popular children's thought experiment, wherein the choice is usually "Would you rather do *this* unpleasant (or gross) thing, or *that* unpleasant (or gross) thing?" Here, though, the players at the elegant dinner table are surrounded by bulky armed guards (in tuxedos, though; this *is* a classy environment, after all), and "elimination" from the game means elimination from breathing. Iris is there because she desperately needs money for her brother's bone-marrow transplant; others in the game have similar hard-luck stories, including a recovering alcoholic (John Heard), an Iraq war vet (Charlie Hofheimer), and a gambler (Robb Wells).

Early on, Lambrick offers the alcoholic, who's been dry for sixteen hard years, $50,000 if he finishes a snifter of brandy. Lambrick also waves $10,000 at vegetarian Iris and coaxes her to eat steak. He's just warming up; the real plates on the menu include electrocution, stabbing, whipping, drowning, and self-mutilation. To his credit, director David Guy Levy doesn't rub our faces in gore — most of the harsh stuff goes down off-camera. This isn't a blood-soaked charnel-house mind-game like the *Saw* flicks; it leans more towards psychological violence. Most of it unfolds around the dinner table, in the fine tradition of "bottle episodes" on TV or low-budget filmmaking.

Would You Rather is a minor compelling entry in the subgenre of puppetmaster thought-experiment thrillers (another recent one was *Compliance,* based on a true story), and the actors have all been coached to keep their voices down; there's little irritating hysteria, just ordinary people trying to stay in the game. Except for Iris, we don't learn much about why the contestants have wound up in desperate straits, though there are teasing hints here and there. We root for Iris by default because we know what's at stake for her, and Snow does a fair job of not squandering our inherent sympathy for Iris; she makes Iris a decent person, not insufferably so.

But if you've read this to the end it's because I didn't bury the lede: Jeffrey Combs is pretty much the reason to see this (or just about any) film. Combs knows how to be overtly creepy, but he's done that in so many roles he no longer needs to make a big show of it. His Shepard Lambrick is quietly reasonable within the insane context Lambrick has created. Lambrick has more money than he knows what to do with, and he enjoys spending it by putting people to the test. Combs brings out Lambrick's one-percenter vibe by making it seem that his little game is simply undiluted capitalism: If you're better than anyone else at doing terrible things, you get the grand prize. Combs presides over this financial morality play with spirit and wit, a dry sense of self-amusement. He deserves to be far better known and appreciated outside of horror-fan circles.

Hazel Bryan, how the photograph influenced their lives, and their ultimate friendship. We will be discussing this book on **Thursday, February 21** at 6:30 pm. Copies are available at the desk.

• Café Parlez's selection for February is *The Unlikely Pilgrimage of Harold Fry*, by Rachel Joyce. Harold Fry is recently retired and lives in a small English village. Everything he does seems to irritate his wife, Maureen, until he receives one day a letter addressed to him from a woman he has not seen or heard from in twenty years. She is in hospice and is writing to say goodbye. After writing a reply, he decides that he must deliver it in person. Thus begins a 600-mile walk to the hospice, because he believes that as long as he walks, his friend will live. We will be discussing it on **Thursday, February 28** at 6:30 pm. Books are available at the desk, or bring your own copy. Café Parlez is sponsored by the Friends of Plumb Library.

• The Plumb Library Knitting and Crocheting group meets Mondays at 6:30 pm. Bring your project and meet other crafters. Cocoa, tea and coffee are available. Beginners are welcome.

• Mad Science will once again visit Plumb Library, this time with their "Eco-Systems Exploration" program on **Friday, February 22** at 4:00 pm. Children at least five years old will learn about the connections between all living things and will get to make their own mini-ecosystem. Pre-registration is required for this program. Many thanks to the Friends of Plumb Library for supporting this program!

Tabor Academy Presents "Damn Yankees!"

On **February 21, 22, 23** at 7:30 pm in the Fireman Auditorium, Hoyt Hall on the Tabor campus, the curtain will rise on Tabor Academy's production of "Damn Yankees!"

"Damn Yankees!" has been one of the best-selling Broadway musicals of all time and is a clever retelling of the age-old Dr. Faustus story.

Middle-aged baseball fanatic Joe Boyd trades his soul to the Devil, also known as Mr. Applegate, for a chance to lead his favorite team to victory in the pennant race against the New York Yankees. As young baseball sensation Joe Hardy, he transforms the hapless Boston Red Sox into a winning team, only to realize the true worth of the life he's left behind with his loyal wife, Meg. Joe ultimately outsmarts Applegate and the seductive Lola, returns to his former self, and shepherds the Red Sox to the World Series.

Light, fast-paced, and devilishly clever, "Damn Yankees!" is a home-run hit featuring all-American subject matter and an irreverent sense of humor. The show also has a terrific song list ("Heart" and "Whatever Lola Wants") with dynamic, athletic choreography supported by student-designed and built sets and lights. The cast is led by veteran senior performers: Oliver Palmer as Joe Hardy; Joe Coffey as the older Joe Boyd and the manager, Van Buren; Chapman Hyatt as Applegate, the Devil; Clare Knowlton as Lola, his seductive assistant; Claire Chatinover as Meg Boyd; and junior Xan Marsella as Gloria Thorpe. "Damn Yankees!" is directed by John Heavey with musical direction by David Horne, technical direction by Richard Van Voris, choreography by Danielle LaTulippe, lighting design by junior James Barton-Souza and set design by senior Greta Wilsterman.

Mattapoisett Land Trust Offers Scholarship

Since the Pell Grant Award has been eliminated and student loan debt increases, the new generation of America's college-bound students is even more dependent on private foundations and financial aid to cover college costs.

For the fourth year in a row, the Mattapoisett Land Trust is looking to select a qualifying candidate for the $1,000 Blanche B. Perry Scholarship Award. This award is available to a resident senior graduating by June 2013 from secondary school who is pursuing an education in the sciences and/or environmental studies or a related field.

The scholarship is made available through the Edith Glick Shoolman fund, a bequest left to provide support for children in the community. The scholarship is consistent with the Mattapoisett Land Trust mission "of preserving land in order to enrich the quality of life for present and future generations of Mattapoisett residents and visitors and of furthering environmental education in the community."

Along with the application, the following additional information is required:

1. A personal statement about career goals as they relate to the mission of the MLT, past and present.

PET PICK

My name is Coco Channel. I am almost 8 years old! I am a Himalayan cat who is very lazy and I like my beauty sleep (as you can see in the picture). I sleep a minimum of 20 hours a day and I only run when I see a piece of string. I love to be pet in the morning because that is the only time that I'm awake. When I sleep, I like to be curled up in a ball and if anybody touches me, I will scratch them. I am very fluffy, and even though I may look fat, most of it is fur. Well, that's me!

Each week we will showcase pets from the TriTown and the stories behind them. Send in your pet pictures and stories so we can share them with all our readers. By Email: support@wanderer.com • By Mail: P.O. Box 102, Mattapoisett, MA 02739 • Or stop by in person: 55 County Road (Route 6), Mattapoisett

from his own extensive collections of rocks, minerals and fossils. This program is partially funded by a grant from the Marion Cultural Council.

• **April 24** – Bird Island Trip with the Harbormaster's office. Let's get a look at the tern nesting sites before they get back from their travels. This trip is extremely limited, so please register early.

• **May 8** – Vernal Pools – Let's explore these temporary nurseries for some of our most secretive forest dwellers; featuring salamanders, wood frogs and insect larvae for close-up inspection!

• **June 5** – Lookin' at Lichens – Is it a plant? A fungus? How can so many different looking "things" be related? What can they tell us about the health of the environment we live in?

The cost for all programs is $4 for members, $6 for non-members. PLEASE NOTE: after-school registration forms are to be mailed to the Marion Natural History Museum, P.O. Box 644, Marion, MA 02738. Please do not bring the forms to the school or the library, thank you!

Because the cleanup and repair efforts are continuing at the Museum, our after-school programs are being held at Sippican School, except for the Bird Island trip. We will be meeting students that do not attend Sippican School at the Spring Street entrance between 3:00 and 3:20 pm to walk them to the program.

Mattapoisett Lions Club Eyeglass Collection

In just about any dresser drawer, one can find a pair of eyeglasses that are no longer being used. That same pair of eyeglasses can change another person's life.

That's why we started the Lions Recycle for Sight program. Everyone can help. Throughout the year, Lions, Leos and other volunteers collect used eyeglasses and deliver them to Regional Lions Eyeglass Recycling Centers. Volunteers clean, sort by prescription strength and package the glasses. Most of the recycled glasses are distributed to people in need in developing countries where they will have the greatest impact.

If you have used eyeglasses you no longer need, you can donate them now. Lions accept prescription and reading glasses, sunglasses and plastic and metal frames. Children's glasses are especially needed.

Eyeglass collection boxes are located at the Laundromat, Town Hall, Library, the Mattapoisett Council on Aging office and the Marion Council on Aging office.

To find out more about the Mattapoisett Lions Club and how we serve the community, visit our website www.mattapoisettlionsclub.org or visit our Facebook page.

MARION FAMILY CHIROPRACTIC

WHAT DOES IT MEAN TO BE A FAMILY CHIROPRACTIC PRACTICE?

At Marion Family Chiropractic, you will notice something different. Children are playing in the reception room, mothers of twins are sharing strategies for raising their children, and grandfathers are telling stories. All of them are there to have their spines checked for alignment – so they will grow, live, and age their best.

A family chiropractic practice is about a pregnant woman who's been told her back pain is "a normal part of pregnancy" – but now, a few weeks into her chiropractic care - her pain is gone. It means that after her baby is born, his spine will be checked for proper alignment. Later this afternoon, her husband will come in to have a chiropractic adjustment that helps clear his sinus problems and headaches.

It is about a young woman who has been a chiropractic patient for years, bringing in her 87-year-old grandmother. She had six years of acute back pain that she was told she would have to "just live with" because of her age. After one visit her pain is almost gone. She has been telling her friends that they should try chiropractic care also - pain does not have to be a part of aging.

It is about local athletes of all ages not only recovering from injuries more quickly, but performing at a higher level because of the increased flexibility, power, and coordination that they get when their bodies are in proper alignment.

It is about families with three – and sometimes four – generations under chiropractic care. For example, infants who were helped with colic, toddlers with ear infections, grade-schoolers with asthma and allergies, teens with migraines, fathers with back pain, mothers with carpal tunnel syndrome, grandfathers with sciatica, and grandmothers with fibromyalgia.

A family chiropractic practice means that these families will tell you that they cannot imagine raising children or going through life without chiropractic care – it is what helps to keep them healthy and living life to its fullest.

The Quahog Book Award

The Quahog Book Award is an award that will be chosen by Mattapoisett Youth. It will encourage children in grades 3 – 6 to read quality literature and to choose their favorite from a list of ten nominated titles. Each grade level will be given their own list of ten nominated books from which they can read as many titles as they choose. Voting on their favorites will be done by ballot at the library during the week of **April 23** to **27**. Four awards will be given, one for each grade. The awards will be placed on the books similar to a Caldecott award. The awards will only be placed on copies of the books belonging to the Mattapoisett Library. This award is being done only at our library and is not part of a national program or the SAILS Library Network. We are offering it as a winter reading program to the local children. This is the second year we are holding the award/program and it is only being offered to grades 3 – 6.

The winners will be announced on **Tuesday, April 30** at 5:30 pm at the library at a pizza party. All participants in the program will be invited to attend.

Any child who reads at least 5 nominees will be invited to a "sleepover" in the library called "Quahog Night." We will hold a sleepover for the boys on **Friday, May 3** and a sleepover for the girls on **Friday, May 10**. The sleepovers will be from 7:00 pm to 7:00 am. We welcome everyone, 18 years or older, to join us in supporting the Mattapoisett Council on Aging and its programs. Your annual dues make up some of the funds that pay for the monthly mailing of Seasonings, our newsletter, the three free luncheons given each year, and supporting our outreach activities. Plan on supporting our Ballroom Dancing Gala fundraiser in April.

For your convenience, a membership form is available at www.mattapoisett.net/Pages/MattapoisettMA_COA/Friends. Download the PDF form by clicking on the Membership form link. Please check off as many volunteer boxes as you can.
Thank you for joining the Friends; we've been providing support to the CoA since 1990!

Mattapoisett Lions Club Award Applications

The Mattapoisett Lions Club is a member of Lions International, consisting of 45,000 clubs and more than 1.3 million members making this the world's largest service club organization.

The Mattapoisett Lions Club announces one $5,000 award to be awarded this year to a graduating high school student residing in Mattapoisett, Marion and Rochester.

The funds for this award are raised through fundraisers held by the Mattapoisett Lions Club throughout the year, including Harbor Days, an annual festival held in Shipyard Park every July and attended by up to 10,000 people.

The Lion's Club motto is WE SERVE and one of the largest charitable causes of Lion's International includes raising funds for eye research in an effort to end preventable blindness throughout the world.

To qualify, a graduating student or home-schooled student shall be enrolled in their first year of a recognized school of higher education, must be a resident of the Tri-Town area, and have demonstrated service to the community. Special consideration will be given to those looking to a career in an eyesight-related field.

Lions also encourage participating in the Lion's Youth Speech Contest sponsored every year by the Mattapoisett Lion's Club, which is open to all high school sophomores, juniors and seniors in the Tri-Town area.

To obtain an application, learn more about this award or to learn how to become a member of the Lions Club, visit our website at www.mattapoisettlionsclub.org. Award applications are also available through the guidance department at your high school. Applications may also be obtained by calling Helene Rose at 508-758-9841. Applications must be received by **March 31.**

I Found the Aardvark!

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes! Each time you find the Aardvark you will also be entered in our monthly drawing for other cool Aardvark Prizes. If you would like to enter the monthly drawing by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoisett, MA 02739. Entries by mail will not be eligible for Aardvark Points.

To enter visit: www.wanderer.com and Click on *I Found the Aardvark*
In the February 14, 2013 issue the Aardvark was on page 13!
